Clerks briefing – February 2023

This year's National School Governors' Awareness Day will feature an exciting and informative programme of events throughout the day which aim to celebrate, develop and inspire those in governance across the country. What's even better is there is no charge at all to get involved; it is free to all.

Outstanding Governance Award

- NGA's biennial awards are the only national education awards to recognise the contribution of governors and trustees, clerks and lead governance professionals.
- They help share the best practice in school and trust governance and demonstrate the positive contribution that good governance makes to the school system and the education of children and young people.

Look forward to seeing you at our next meeting
